## Bluebeam solutions

Bluebeam is the easy-to-use software solution that AECO professionals rely on for PDF markups, digital workflows and effective collaboration, giving teams the power and flexibility to get the job done anywhere on desktop, web or mobile.
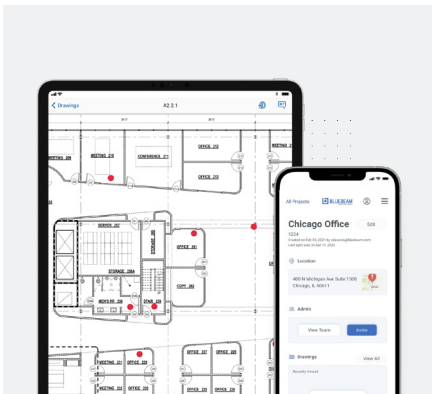

DESKTOP

## Bluebeam Revu

Revu offers powerful, highly customisable document management, markup and automation tools.

The Studio environment in Revu serves as your virtual project room for real-time collaboration.

- Invite others to your projects and collaboration sessions
- View and measure drawings, add markups and chat in real time
- Maintain a single source of truth for project files and markup activity

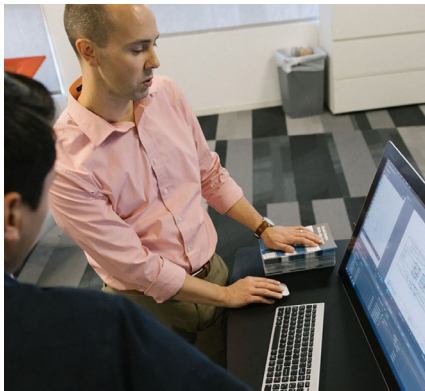

WEB AND MOBILE

## Bluebeam Cloud

Bluebeam Cloud extends your Revu workflows to web and mobile so you can collaborate between the office and field to get the job done anywhere.

- Bring your Revu docs and customised Bluebeam tools with you on any device
- Invite others for easy viewing, markups and real-time collaboration
- Manage snag items, RFIs and submittals on the move
- Enrich project drawings with digital maps and GPS

## We're here to help

We're here to help you get started quickly, finish projects on time and get the most out of your investment.

- Get up to speed at your own pace with on-demand Bluebeam University courses, instructor-led virtual training and extensive online help resources
- Join your local Bluebeam User Group (BUG) to connect with industry peers, share insights and get inspired
